

Montgomery Park Playground Project

Issue 4

September 22, 2016

A Huge Thank You to Dryden Sertoma...

The Dryden community has pulled together in it's traditional generous fashion to see the new playground become a reality.

From the beginning, Dryden Sertoma has been with us every step of the way, acting as the 501 (c)3 sponsoring organization, providing tax exempt coverage for the Playground Project.

Sertoma members have held fund raisers, received and recorded all of the tax deductible contributions, helped create our informative website, and more.

Thank you for sending checks to the various vendors, supplying odd forms as needed, and answering many unexpected questions with lightning speed!

Thank you for all of your hard work and dedication to our community.

Isn't it funny how day
by day nothing
changes but when
you look back,
everything is
different...

-C.S. Lewis

Sign up sessions

Need some help signing up on the website?

As we prepare for Playground Build Week, volunteers are signing up for available shifts. A full 30% of our volunteers slots are filled, but there is still room for you!

The Playground Mobile Sign-up Team will be at both the High School and Middle School open houses on Thursday, September 22 and Thursday, September 29. Drop by our table with your calendar and we'll help you sign up.

If you need a hand, just call Cathy at 279-0276 or Deb at 351-0699. We can reserve a shift that fits your schedule.

Filling the Tool Shed

Tools on loan to the playground project can be delivered to the Tool Trailer at Montgomery Park from 8 a.m. to 4 p.m. on Saturday, October 1. All tools will be stored in locked shed when not in use.

All tools lent to the playground build will be returned in sign-in condition or replaced!

Dryden's Boy Scout Troop 24 will be camping at the park during the build as a security team.

According to our tool coordinator, Joe Lucia, our biggest tool needs are routers and impact drivers. "We have no laminate routers and need 10 and we have 1 regular router and need 4. We are also sorely hurting on cordless impact drivers."

Other needs include:

20 more cordless drills and impact drivers	
9 electric extension cords	
7 slide compound miter saws	
7 levels	6 metal garden rakes
3 routers	10 wheel barrows
8- 8' tables	7 shovels
1 sawz-all	1- 10' stepladder

Feeding the Crowds

Are you more comfortable in the kitchen than on a building site? The hard workers need to eat!

Lunch for 50 on Thursday 10/6, Friday 10/7 and Sunday 10/9

Snack for Evening Break for 50 on Wednesday 10/5 and Friday 10/7

Paper products for 150 (plates, napkins, cups & cutlery) on Wednesday, Thursday, Friday, Saturday and Sunday

Playground Progress

Thanks to the Village of Dryden Public Works Department, Springhouse Electric and Groton Electric, the work at Montgomery Park is underway.

The hedge has been removed and the temporary power line is installed. The tool trailer also arrived.
